THE BEST YEARS

R-r-r-ring — the sound of the first bell Monday morning marks the beginning of the 1986-87 academic year. A new school year, a new senior class, new memories to be made.

And it's been fun so far. Football activities take up most of the time in the fall, with pep rallies, games, and practices for everyone from cheerleaders to band to football players. Then there's Homecoming, when the Angoras defeat Medina in a close and exciting game, as the fog rolls in. And then it's time for basketball season.

Homework and studying — the things that fill the rest of the days.

A Classic Cheerleader . . . as Julie Anderson, freshman, cheers on the football team.

OF OUR LIVES

The Classic Initiation . . . as new FHA members are forced to braid their hair and wear gunny sacks all day.

During school, class discussions, dreaded English grammar lessons, science labs, and of course lunch, everybody's favorite period, are all a part of the day's work. Some unusual things happen — who can ever forget the rotten-egg smell filling the halls from the senior's chemistry lab? But it's all part of the fun.

slurps that spaghetti.

The Classic Band Player . . . as sophomore Nora Arebalos tries to keep out the cold.

Yes, it looks like it's shaping up to be a classic year. It will be remembered by the students along with other great classics, such as the movie classics of *Gone With the Wind*, *Casablanca*, *The Sound of Music*, and *The Best Years of Our Lives*. But since it is a new year, and becoming a classic takes time, this year will also be remembered along with other, newer movies that will someday be classics, like *Terms of Endearment*, *Out of Africa*, and *On Golden Pond*.

The Classic Test . . . Seniors take the ASVAB test, administered by the army.

A Classic Rainy Day . . . as Camielle Flores, freshman, and Chello Lopez, sophomore, try to keep dry.

Already the year has been a memorable one, and as it ages, it will be even more so.

Yes, it definitely looks like it's going to be the Making of a Classic Year.

A Classic Chemist . . . Dustin Herschap, senior, works on his experiment.

A Classic Basketball Game . . . as the Angoras reach for the ball.

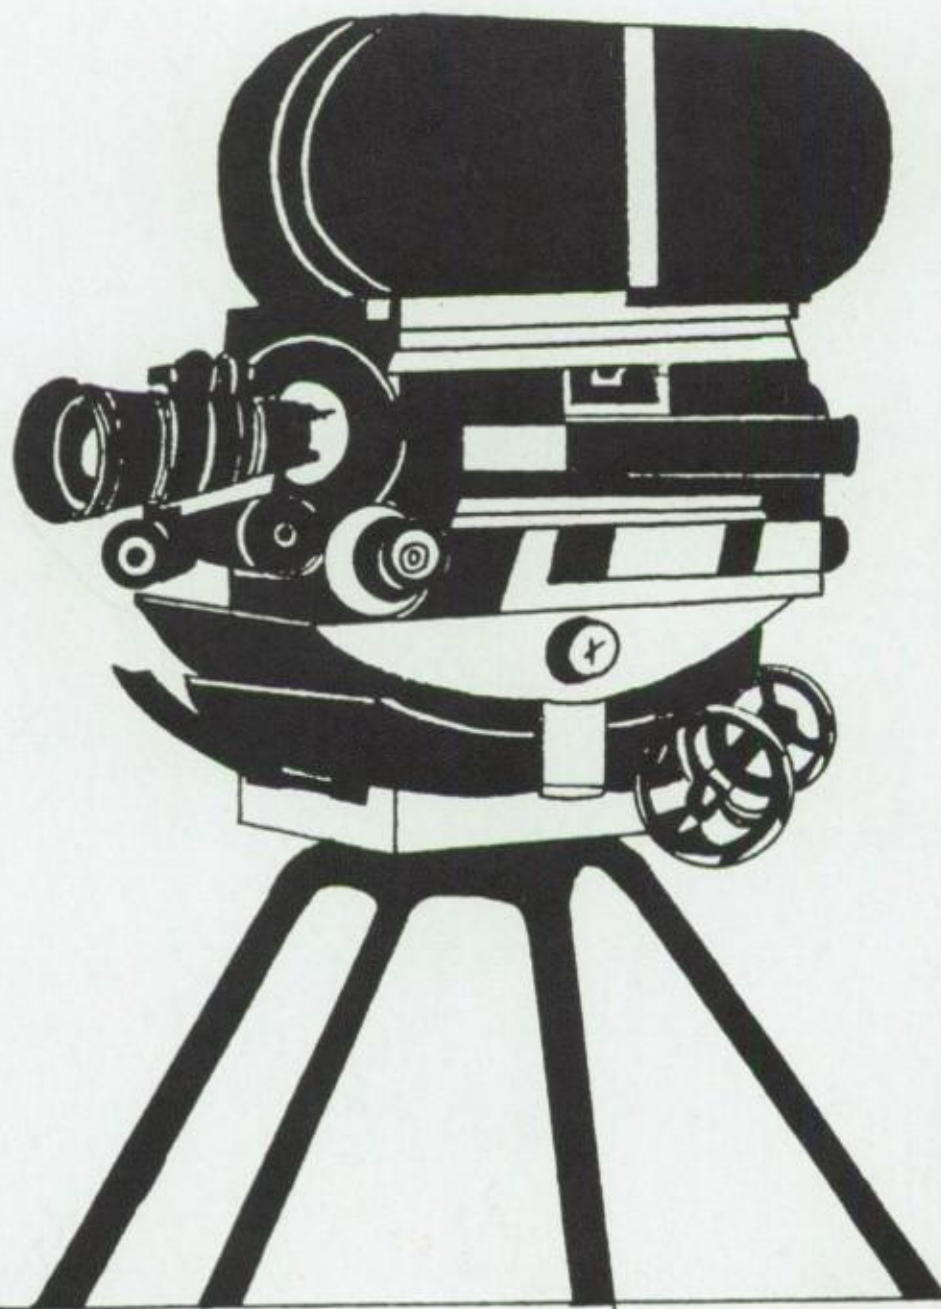

A Classic Pep Rally . . . as the cheerleaders and the flags lead the football players into the pep rally.

ACTIVITIES

"Toward New Horizons," our motto, the Rocksprings Future Homemakers of America (FHA) headed toward new horizons and accomplished every goal they set.

The FHA members started the year by welcoming all new members to Initiation Day. In order to become a member the students had to wear 50 braids, toe sacks, and their pants backwards. Once the day was over, they were considered FHA members. This year the Chapter also sponsored the Valentines Dance and May Bake Sales throughout the year.

The Region II FHA Meet was held in Arlington, TX, and this year Julie Anderson entered a Power Of One contest - Job Application and Interview and placed first in her division. Julie then qualified to compete in the State Meet, which was held in San Antonio, and she placed third in her division. Lupita Narvaez was also running for a Regional office and was elected as Region II Corresponding Secretary. Lupita is the first from Rocksprings to be elected as a Regional officer and she will be attending the FHA National Meet which will be held in Washington D.C.

To end the year, the members held the Installation Banquet for the 1987-88 Officers at Galindo's Cafe where Melanie Weatherly and Chuckie Rendon were chosen as FHA Beau and Sweetheart.

Future Farmers of America is an organization that allows its members to study agriculture and mechanics. This year the organization has 36 members, their sponsor is Mr. Cash Jetton, and FFA Sweetheart is Miss Susie Patino.

To open the year, the members enjoyed a swimming party with the FFA members at the Blue Hole. FFA was also going to sponsor the homecoming Dance and this year's theme was "50's." The FFA members chose a DJ from San Antonio to provide the music, and the dance was a success.

While all this was going on, the members were also preparing for the Edwards County Stockshow, which was to be held on January 10, 1987; many members participated in this activity by either working at the concession stand or exhibiting an animal.

The year is considered a success by the FFA members and they are looking forward to next year.

Sponsor, Cash Jetton, seems quite busy at the county stockshow.

THE SECRETS OF

The Secret of the Angora Band's Success is due to all sixty members striving to be the best.

Mr. Kenneth Harvey, Band Director, started working with the band one month before school started. Mr. Harvey worked on teaching the band new marching and playing techniques. Those who assisted in teaching the band were Drum Major, Mark Weatherly and Assistant Drum Major, Cindy Martinez.

The first performance at the football game seemed to please the crowd and the band members knew they had reached their first step to success. During football season, the band was also busy preparing for the Marching Contest which was to be held on October 13, 1986, at Hondo. This contest was the band's second step to success, and at the contest the band received a rating of II.

The band members had yet another contest to look forward to and this was to be their final step to success. The Concert Contest was to be held at Bandera on March 13, 1986 and this would determine how well the members played. The band received a rating of III on contest and a rating of II on sight reading.

The 1986-87 school year was a success for the Angora Band and the members are pleased with their results.

The Angora Band caught in action at contest in Hondo.

"I'm ready to show off my talents," said Leslie Andis.

Cindy Martinez, you must have a good memory.

SPIRIT"

2 BITS, 4 BITS, 6 BITS a dollar all for the Angoras stand up and hollar! The students showed their spirit at the pep rallies that were held every Friday during activity period in the gym. Pep rallies get the students in high spirits for the football games.

Decorated in red and white streamers every Friday, by cheerleaders, the pep rally includes cheers, songs played by the band, a routine by the twirlers and flags and of course a skit.

The students get a barrel of laughs with the skits, whether it is the teachers with a pie in their face, the cheerleaders acting like Chinese, or Mr. Cash Jetton imitating a mighty Angora.

"One, two, three," Mr. Kenneth Harvey directs the band.

Mr. Cash Jetton, Ag teacher, looks like he is ready to take on the whole team.

"GREASE"

Homecoming was represented with poodle skirts and leather jackets, the theme was "50's."

One week before Homecoming the students at R.H.S. began preparing for the activities. The seniors were selling tickets for the Chicken Bar-B-Que, the juniors were selling mums, the cheerleaders were decorating the high school, and many students gathered wood for the bonfire, which was Nov. 6, the night before Homecoming.

The Sweetheart candidates were anxiously waiting for the Pre-Game Ceremonies that began at 7:30 P.M. At the beginning of the ceremonies, the sweetheart candidates, senior football players, and the ex-sweetheart were introduced. Then the announcer said, "The 1986-87 sweetheart is Miss Estella Franco, and Football Beau is Fortino Patino."

A dance, sponsored by the F.F.A., was held at the gym for the students after the game. The theme of the "50's" was reflected by the dress of the students.

"Hurry up Dustin Herschap, light the bonfire," said Fortino Patino.

"PRETTY IN PINK"

With a backdrop of stars, glitter and crepe paper, this years "Wish Upon a Star" prom was considered a success by all.

The Jr-Sr Prom and Banquet were held at the school cafeteria on Saturday, April 25. The banquet was held for the seniors and as a gift they received wine glasses from the juniors. The juniors and seniors enjoyed a supper that consisted of brisket, rice, beans, tossed salad and chocolate cheesecake. The reading of the wills and prophecies was the entertainment at the banquet.

After the banquet, the prom dance was held for all high school students and their dates. The music was provided by a DJ from San Antonio. At the prom, Fortino Patino and Estella Franco, seniors, were chosen as Prom King and Queen; Allison Grooms, sophomore, and Lance Taylor, sophomore, were chosen as Best Dressed.

Sophomore servers for the banquet were Mark Weatherly, Allison Grooms, Bebe Jimenez, Romelia Rendon, and Jody Hobbs.

Juniors, Jesse Lopez and Juan Jimenez, are trying to put the centerpiece together.

To become a member of the National Honor Society you must be at least a sophomore and maintain an average of 90 in all academic classes. If your average drops below 90, you have one six weeks to bring it back to a 90.

This year the NHS had a total of seven members; new members were Allison Grooms, Jennifer Todd and Lisa Coston. The HE II class also had a banquet for all NHS members, their parents, and high school teachers.

Charlotte Grooms can't wait to start eating at the banquet, but Allison sure can.

BREWSTER'S MILLIONS

Many students that attend school also have the responsibility of working. These students work at stores, gas stations, restaurants and even do yard work. Working is a beneficial for students because it helps them deal with the public. Students that work are willing to give up their time to earn money for various needs.

Tommy Van Winkle looks like he enjoys cleaning air filters.

Sanjay Patel has to stock the cold box at Sorrells Grocery every day.

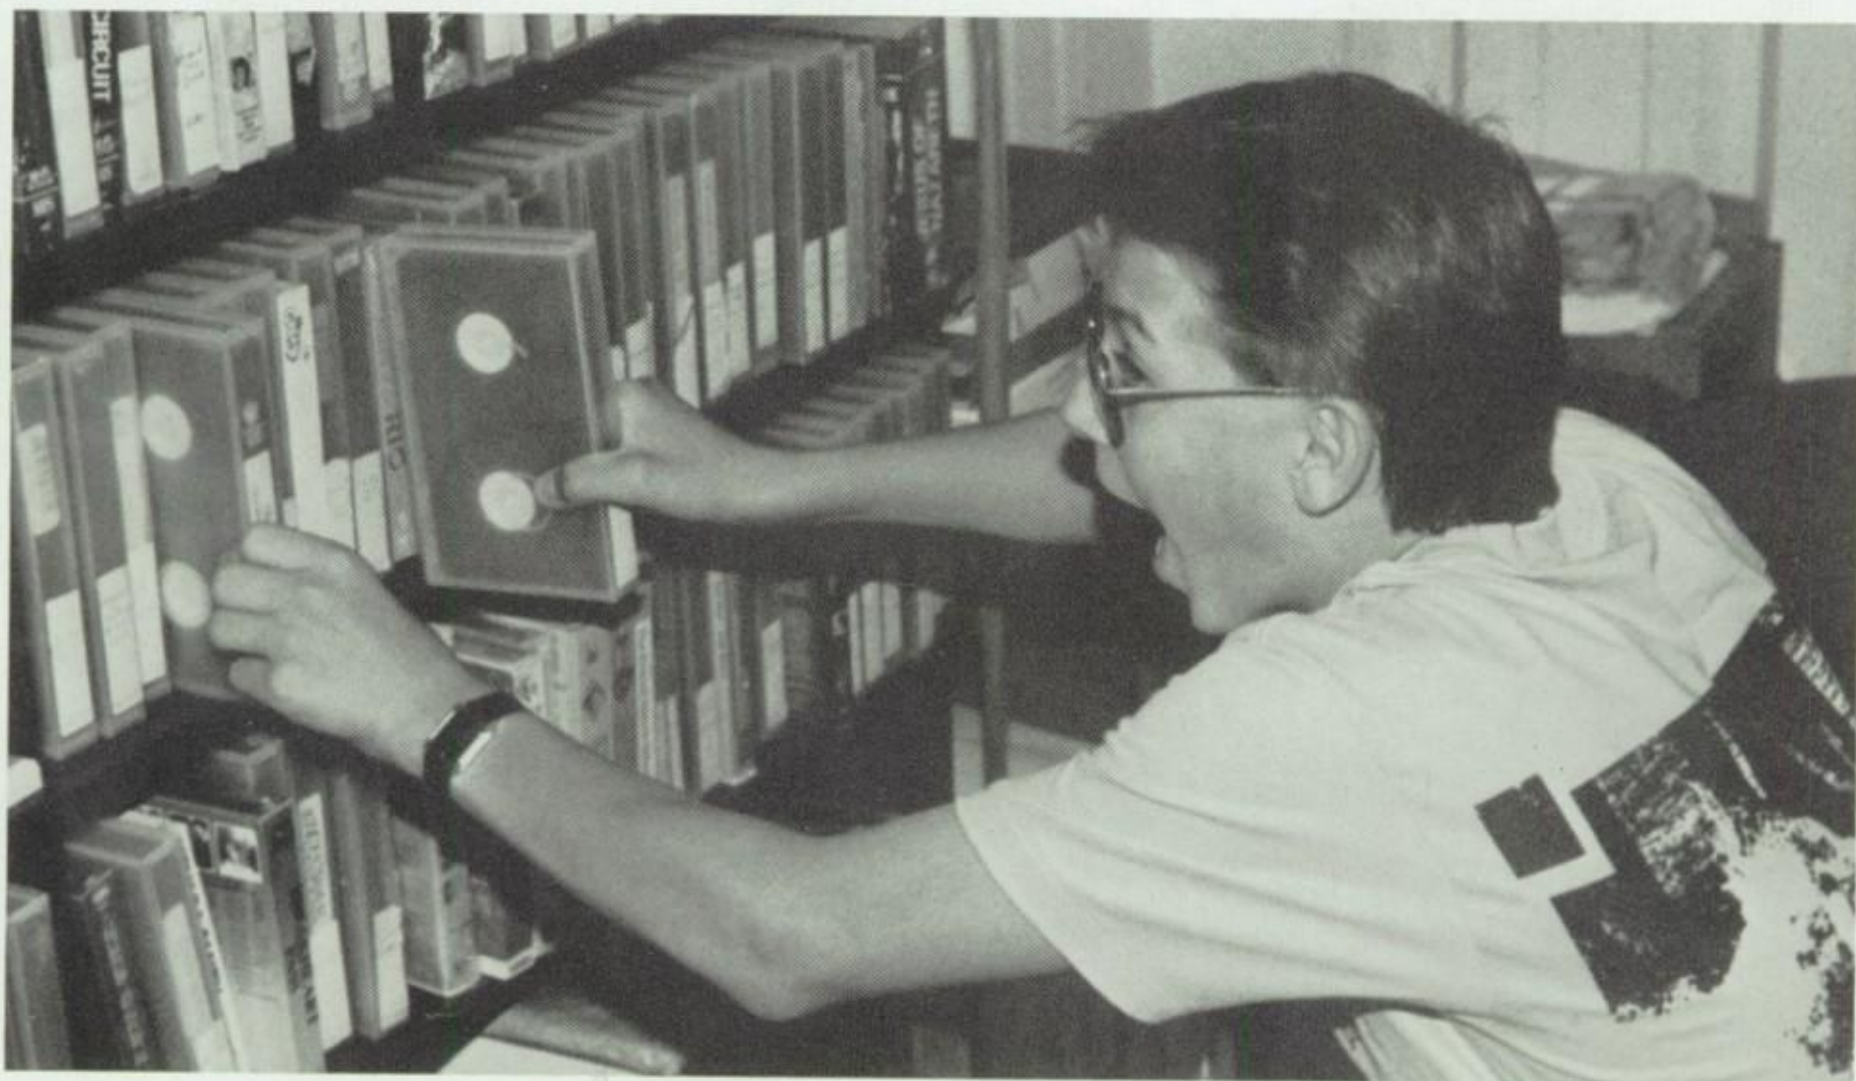

Edna Ramos likes to keep the D&C clean by sweeping.

Tony Gonzales's hobby is mowing lawns, but he gets paid.

Lupita Narvaez acts like she is working at Sorrells Grocery.

Jeffrey Cowser always makes faces when he has to file the rental movie receipts.

Ruthless People

This year the students enjoyed the various activities that happened throughout the school year. When one of the activities was over, there was always another one to look forward to.

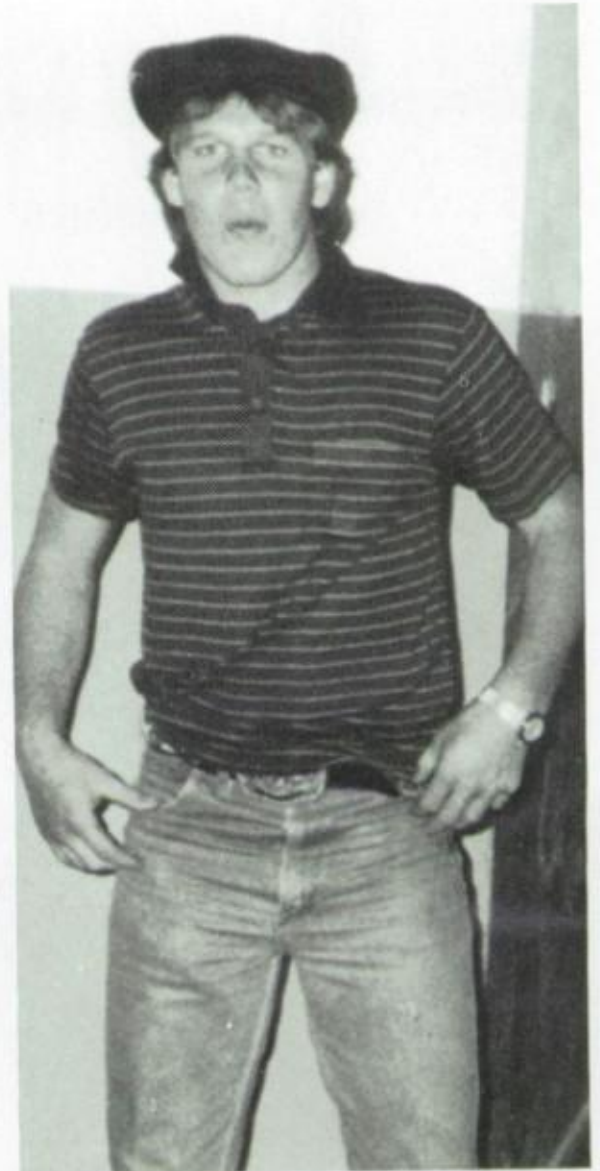

Every activity that was held this year was always considered a success. Whether it was the pep rally's, FFA or FHA activities, or even the dances, the students always seemed to have fun.

"Maw! Maw!" Norman shouts excitedly from off stage as the play "The Banker's Delima or How the Famous Dollop and Trippington Railroad Came to Botts, California!" by Cleve Haubold, gets under way. The play is a farce in one act and has four characters: Banker Theodor Van Bludgeon, who poses as the villain (Tony Gonzales); Widder Pearl Twilly, one of the many people from whom Banker Bludgeon is collecting long over due money (Allison Grooms); Norman Vicent Twilly, Widder Twilly's scatter-brain son (Leslie Andis); and Dorothea Oz Dimpling, an overexcitable young lady (Mollie Acosta). The second cast consisted of Jayson Adams as Banker Bludgeon, Cyndi Martinez as Widder Pearl Twilly, Leslie Andis as Norman Vincent Twilly, and Nancy Martinez as Dorothea Oz Dimpling. The play takes place in the Twilly General Merchandise Emporium in Botts, California, on a warm afternoon in 1883. The sound devices were run by Dale Rainwater and the make-up applied by Shelly Bates. The One Act Play didn't advance in competition, but that doesn't mean those students and everyone involved didn't dedicate many hours to practicing and preparing for competition.

Widder Twilly (Allison Grooms; All-District Cast) weeps at the thought of being thrown out in the street by Banker Van Bludgeon (Tony Gonzales; Honorable Mention), as Norman (Leslie Andis) stands idly by.

Tests

T

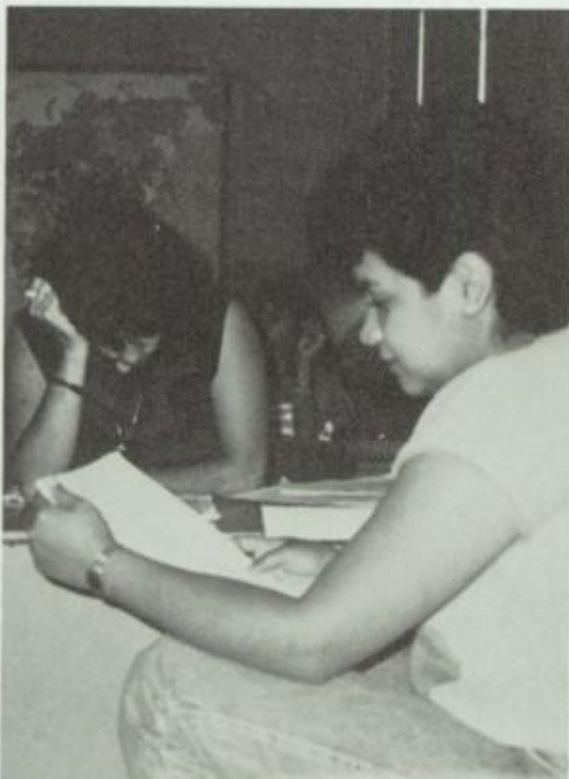

There are many kinds of tests students take throughout their high school years. For example, some of the tests students take all year long are these: quizzes, weekly tests, unit tests, six weeks tests, semester tests, and final exams. Other tests students take are these: CAT (California Achievement Tests), TEAMS (Texas Education Assessment of Minimum Skills), ACT (American College Test), SAT (Scholastic Aptitude Test), and ASVAB (A military test).

This year, spring was brightened by RHS students participating in the academic UIL meet held in Medina. This contest offers various subjects which a student can try his hand at. Students compete at district contest and if they place in the top three, they advance to regional. Again, if a student places in the top three they ascend to state where they have a chance to obtain a scholarship. This year we have seven regional qualifiers who worked hard to get there.

Considering the '86 Angora team was composed of four seniors and many underclassmen, the Angoras finished off the season fairly well. The Angoras won one-third of the games they played.

Everyone agreed that the cause of losing the other two-thirds of the games was because of mistakes. This year was a learning one for the majority of young starters on the team.

The total passing yards for the 1986 season was 279; total yards rushing was 1713; total number of rushing plays was 473; total passes thrown was 33; and the total Angora offense rushing and passing was 1992 yards.

The first few games were not played very well but after the sixth game, the Lady Angoras began to win almost twice as many games as they had previously lost. After a couple of defeats, the Lady Angoras recovered and won the next three games. The final game was a disappointment for the Lady Angoras as well as for their fans. Although the Lady Angoras did not go as far as they wished, everyone was very satisfied and proud of how well they did.

With Lance Taylor's help, Tudy Flores evades the opponent.

Game winning strategies are shown to the Angoras by Coach Wiley.

My Way

Bottom: Cuco Garcia, Javier Ortiz, Tudy Flores, Ricky Ruiz, Fortino Patino, David Gonzales, Ruben Galindo. Top: Coach Wiley, Tommy Van Winkle, Adam Aquillon, Will Welch, Mark Weatherly, Lance Taylor, Dale Rainwater, Chris Edwards, Dennis Piper — manager.

The Angora boys' basketball team for the '86-'87 season was one filled with potential. Although they did not have a winning year, they put forth a lot of effort. The underclassmen gained experience from the upperclassmen and came back this year with better techniques. This year, the team lost two seniors, and hopefully the underclassmen gained experience from them.

Everyone enjoyed watching the Angoras play. Especially the game against Leakey, which they won by two points and afterwards rolled on the gym floor with happiness. This was a memorable year for the Angoras.

Coach Wiley tries to relax before the game.

Ricky Ruiz expertly shoots for two points.

Running

Time, hard work, and dedication is what it took to reach personal bests this year. One individual qualified for regional competition and others came close to achieving this goal.

Lance Taylor was the regional qualifier in the discus with a throw of 128 ft. 2 in.

Other trackmen that contributed to this successful season include: Dustin Herschap, senior; Joey Luna and Edmundo Perez, juniors; Abel Vasquez, sophomore; Javier Martinez, Ruben Galindo, David Gonzales, and Tony Gonzales, freshmen.

Bottom: David Gonzales, Edmundo Perez, Tony Gonzales, Javier Martinez. Top: Lance Taylor, Dustin Herschap, Joey Luna, Ruben Galindo, Abel Vasquez.

Lance Taylor, sophomore, hurls the discus for a winning throw.

David Gonzales hands off to Joey Luna in the mile relay.

Brave (s)

Edmundo Perez and Efrain Castillo run their hardest in the 200m run.

Tudy Flores keeps a constant pace during his long distance race.

Tracksters take it easy before their events.

Javier Martinez's endurance helps him run the mile.

GIRLS' TRACKSTERS

This track season was filled with competition. Although House Bill 72 had a small effect on the team, one individual and two relay teams qualified for regional competition.

Tonya Todd, freshman, advanced to regional in the 800m run. The 800m relay team, Sheri Epperson, Tonya Todd, Jennifer Todd, and Shelly Bates, ran a 1:54.24, which placed them second at district. They ran the 1600m relay also and placed first at district with a time of 4:16.16.

At regional, the girls placed first in the 1600m relay and advanced to state, where they placed fifth.

Bottom: Blanca Ramirez, Christina Flores, Sheri Epperson, Jody Hobbs, Felica Franco. Top: Shannon Epperson, Tonya Dunbar, Tonya Todd, Jennifer Todd, Nora Arebalos, Shelly Bates, Coach Sumners.

Shannon Epperson takes the baton from Jennifer Todd to lead the relay team.

Jennifer Todd demonstrates an expert throw of the discus.

RUN TO STATE

Felica Franco leaves all of her opponents far behind and out of sight.

Sheri Epperson waits for the sound of the gun to begin the relay.

Tonya Dunbar sprints the last few yards of the 400m run.

Tough competition has worn these competitors out!

THIS SPORTING LIFE

This year, there were more participants than last year. Together, as well as individually, they succeeded in defeating some teams in our area.

Playing doubles were Jenny Esquell and Julie Anderson. Devonna Capps played single.

Chuckie Rendon and Dale Rainwater played doubles and so did Mark Weatherly and Adam Aguillon. Tommy Van Winkle played single and placed fourth at district.

Jenny Esquell, sophomore; Devonna Capps, senior; and Julie Anderson, freshman.

Dennis Piper, manager; Mark Weatherly, sophomore; Adam Aguillon, sophomore; Chuckie Rendon, sophomore; Dale Rainwater, freshman; and Tommy Van Winkle, sophomore.

Chris Edwards, junior, was on the golf team this year. Coach Banks was the golf coach.

"Do you see the tennis court anywhere . . . Adam?" asks Mark Weatherly.

Julie, Devonna, and Jenny think they are posing for Seventeen magazine instead of the Angora yearbook!

SECRET OF MY SUCCESS

Edna Ramos, Allison Grooms, Shannon Epperson, and Devonna Capps were the All-district basketball players.

Regional champs and state qualifiers in the 1600m relay were Sheri Epperson, Shelly Bates, Tonya Todd, Jennifer Todd, and Shannon Epperson was alternate.

Tonya Todd was a regional qualifier in the 800m run.

Lance Taylor and Ricky Ruiz, both sophomores, were the all-district basketball players.

Lance Taylor qualified for regional competition in the discus throw.

Perhaps receiving less credit than they deserve in the sports section, these coaches were a great asset to our school system. Left to right: David Sumners-girls' basketball and track; Donny Wiley-tennis and football; Bill Holbrook-football; and Randy Morrison-track.

By now most juniors have gotten the swing of things. The classes, the teachers and the final exams. But soon changes will come around and people are asking us questions to which there are no easy answers like "What are you going to be when you grow up?" or "What college are you going to attend?" And we reluctantly make these decisions, not really sure what lies ahead of us. But right now, let's just think about the year that has gone by. All of us excitedly picked our senior rings, went to football games, basketball games and stock shows.

So let the memories of the last year begin, while we look forward to our final year of high school.

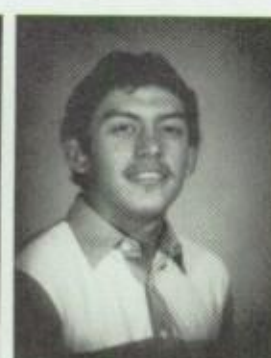

Class Favorites, Melissa Franco and Jesse Lopez, looking forward to our final year of school with a smile.

Well we've made it. No longer are we "fish" now we have moved up in the world, now we're a "sock."

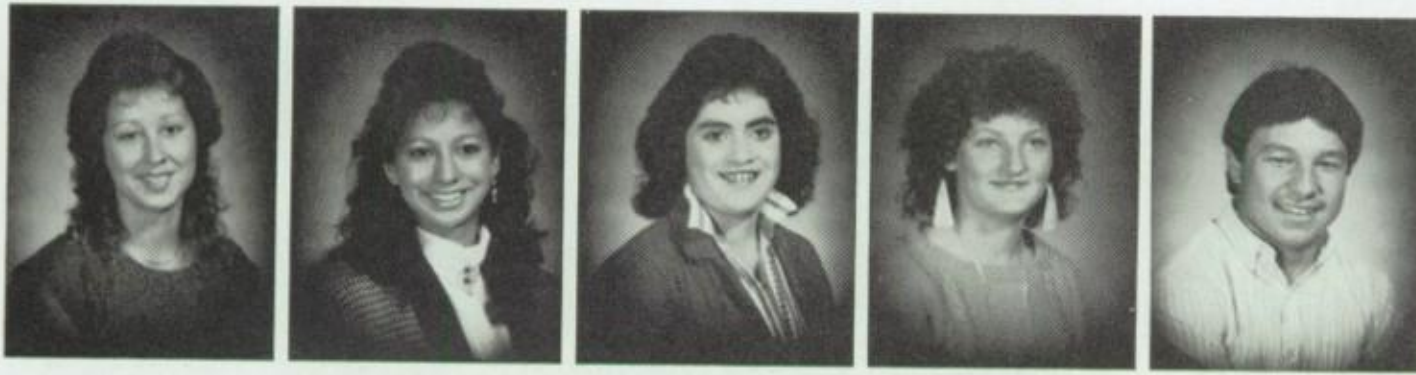

By now most of us are used to how everything works in RHS, and have a new hobby . . . excuses - because, now "My dog ate my paper" won't work.

We also know most of the teachers by now and have learned how to keep them talking so we don't get work.

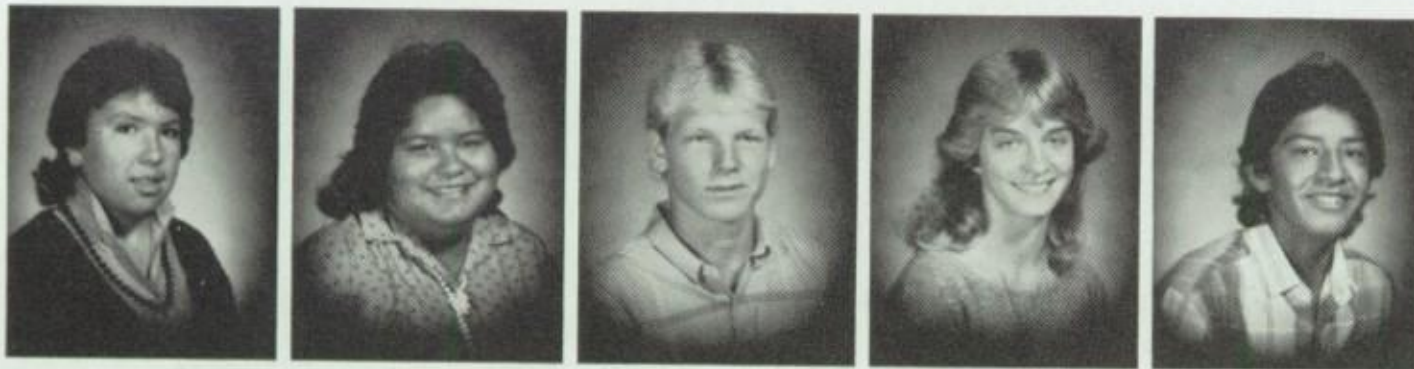

This year was also the halfway point for us. Two more years and we're high school grads!!

Freshmen probably go through the most changes of all the high school classes.

First there was the fact of just being a freshmen, being picked on and called a "fish"

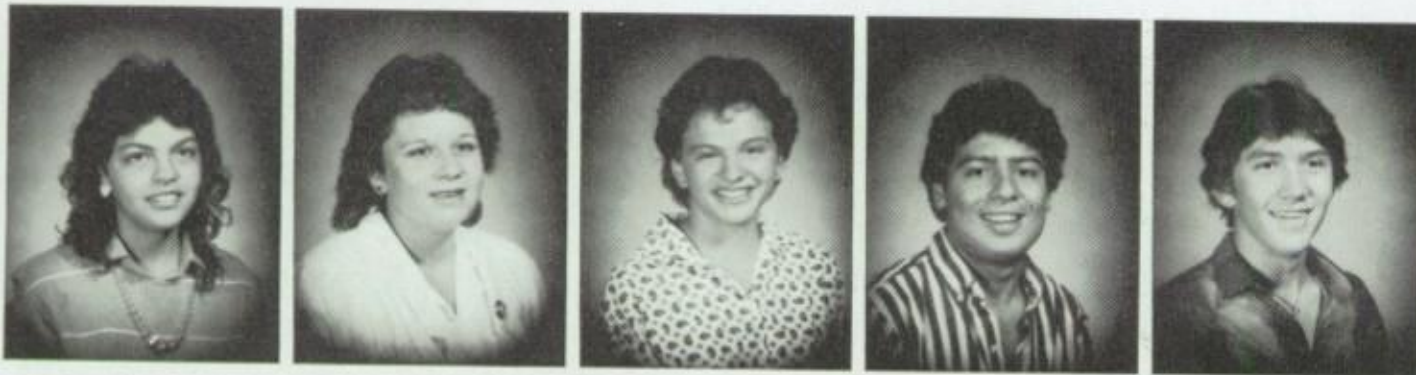

Then, we had to get used to more homework, and if that wasn't enough, they had to make all of that homework a lot harder too.

But despite all of these strikes against us, we managed to have a lot of fun!!

OUTDOOR ACTIVITIES

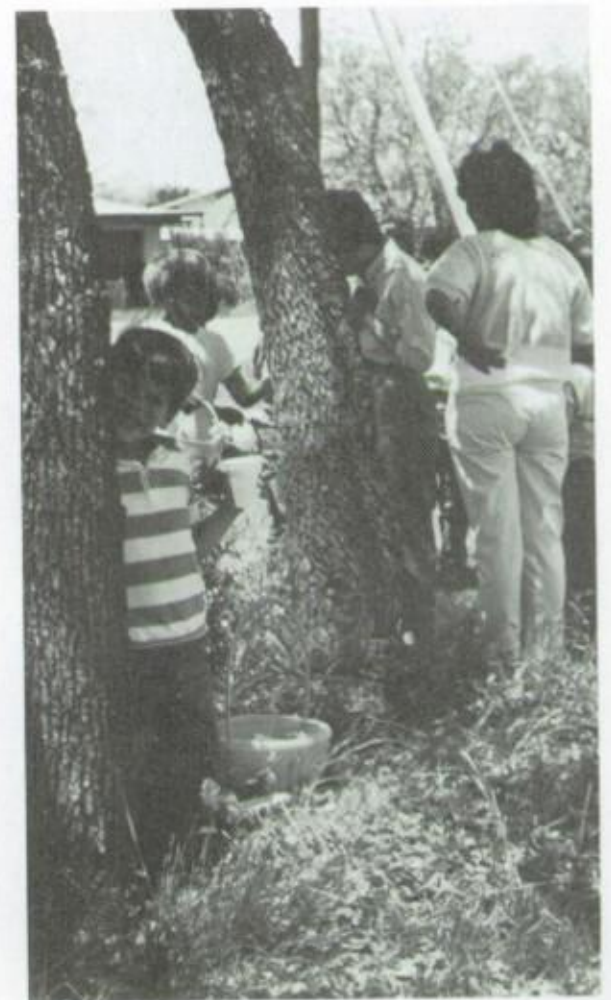

While a lot of learning is going on in the classroom, a lot of learning is also going on outdoors. Such learning includes playing together, competing with one another, and so on. Some of the activities that helped the students learn how to play together and compete with one another were the Easter party and Field Day.

"All it takes is balance," says Jesenia Jimenez.
